Mix-and-Match Courses to Meet Your Needs

B.ECON. Degree

- Mix-and-match among professional certificates to meet 21 credits. (Can be any courses if do not want any certificates.)
 - But at least 15 credits must be MSME courses.
 - Those who would like to take less than 15 credits (more courses in other faculties) must submit a petition to the **Chairperson of Business Economics Department.**
- Submit a petition to the **Registrar Office** to issue a document certifying the business concentration and professional certificates.

Study Plan

For those earning the B.ECON. degree

First and Second Years (Freshmen and Sophomore)

During the freshmen year, all students in Business Economics pursue the same study plan consisting of general education courses, business core courses, and major required courses which provides them with the basic knowledge on all the disciplines in Economics and Business.

The study plan also prepares the students with adequate knowledge to select a business concentration/a business elective course that suits his/her ability, background, and preferences.

Third and Fourth Years (Junior and Senior)

During the junior and senior years, Business Economics students follow the Economics program of studies:

1. Seven Major Required Courses
2. Five Major Electives Courses
3. Five Business Concentration Courses
4. Two Free Elective Courses

During a senior year, students also have an option to pursue their study in the University of Essex (United Kingdom), and transfer their credits into Major Elective and Business Elective Courses.
